

Time and attendance places absences captured in absence management alongside time worked in the time and attendance system and helps school districts manage staff and ensure accurate pay for hours worked.

## LOGGING IN ON THE WEB

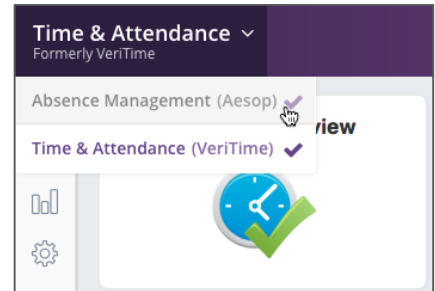

To log in to time and attendance, type [signin.frontlineeducation.com](http://signin.frontlineeducation.com) in your web browser's address bar and select **Sign In** for the "Time & Attendance" feature.

The Sign In page will appear. Enter your ID and PIN and click **Login**.

If you experience trouble while logging in, click "**Forgot ID or PIN?**" for further assistance.

## CONNECTING TO ABSENCE MANAGEMENT

Time and attendance allows you to access the absence management system directly from the homepage. Select the **Menu Grid** in the top left corner and select **Absence Management**.

## THE PEOPLE LOCATOR

The People Locator is intended for kiosk users only and provides real time insight into users currently signed in and "on the clock." Reference "[Using the People Locator](#)" article and video in the Learning Center to learn more about this helpful resource.

## FINDING A USER

Click **My Users** on the homepage to view a list of all time and attendance users within your visibility or use the search bar at the top of the page to locate a particular user. You can then select a user to view their work schedule, applicable payroll reports, and timesheet.

## REVIEWING TIMESHEETS

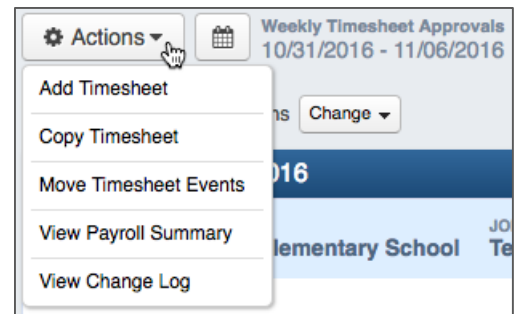

Once a user submits a timesheet, Admins with the proper permissions must review the timesheet for accuracy. Time and attendance hosts the [Work Summary](#), [Work Detail](#), and [Payroll Review](#) report to assist with this need. Consider referencing the [Reviewing and Approving Timesheets](#) article to learn more about the time review process.

## FINDING MISSED PUNCHES

The Clock Exceptions report proves vital to ensuring your user's times are properly reflected prior to approval. It allows you to see potential missed punches on a timesheet, identifies whether staff members consistently clock in on time, etc. Reference [Using the Clock Exceptions Report](#) for additional details.

## EDITING TIMESHEETS

Time and attendance records a person's work time, absence time, and leave time within the timesheet. Reference [Getting to Know the Timesheet](#) to become familiar with the timesheet's look and functionality. The date range tool at the top of the timesheet allows you to select the range of time you wish to edit and the Actions button beside it gives you options to add timesheets or move time events. You can then simply click within the IN or OUT box each day to edit the timesheet.
